Gift Keys Steam Keys It is the PC version of Assassin's Creed III. It was released on October 28, 2012. It is the first PC version of an Assassin's Creed game since Assassin's Creed: Bloodlines. It is also the first Assassin's Creed game to be developed by Ubisoft Massive. It features a different graphics engine from previous Assassin's Creed titles, the UbiArt Framework, instead of the previously used Unity Engine. In Assassin's Creed: Revelations, the player is a new character named Ezio Auditore da Firenze, the son of a wealthy Florentine merchant named Antonio Da Firenze. Ezio is now living in Venice, and has to fight against the Templar Order and its leader, the Grand Master himself, Sebastian L'Heritier. In Assassin's Creed III, the player is Ezio Auditore, and he lives in the Renaissance Italy era. Ezio is now a member of the Brotherhood of Assassins and he has to fight against the Templar Order, the oppressive empire that is oppressing all of Italy. In Assassin's Creed: Unity, the player is Connor, a young Native American living in the era of the French and Indian War. He lives in the village of Grand Ecore on the Canadian border and is a member of the Assassin's Brotherhood. Connor's goal is to hunt down his father who was kidnapped by the Templars and find out what the assassins want with him. In Assassin's Creed IV: Black Flag, the player is Edward Kenway, a pirate captain who took part in the War of the Spanish Succession. He comes to the Caribbean Sea in search of buried treasure which could help him restore his reputation. The player will be able to explore the most vast and populated region in history, the Caribbean.
