References Category:Autocad Category:CAD softwareNews Record GTL capacity was added at the Port of Antwerp on March 31st when the first 700m³ GTL-ready capacity was launched on the first container vessel of the season from Shell. The 4,000dwt, 6,100 dwt and 6,600 dwt containerships led by the AOCs Vibert Joy and Union Investment Villeperque will carry Shell's CTL and GTL fuel oil in Port of Antwerp. The tender contract was awarded to SBM Shipmanagement. The company will fill the cargoes from Shell's Man-made Gas to port terminals in the Benelux and Germany over the course of the season. "We are delighted to be able to offer the world's first CTL-ready cargo to our valued customers in the Benelux and Germany," said Benjamin Galle, Bulk Oil Manager for Shell's Europe and Africa Gas Pipeline Division. "We are proud to partner with the AOCs Vibert Joy and the Union Investment Villeperque to ensure that the Port of Antwerp continues to benefit from Shell's investments in its long-term strategy." According to the Port of Antwerp, the first vessel of the season will be loaded at the terminal in the coming days. The second ship is expected to load on April 10th. Port of Ant
