## Crystal Activex Report Viewer Library Xi BETTER

29 September 2009 - I now use this library in my project: - Crystal Reports Report Viewer Library 11.5. - Crystal Reports Activex Designer Run Time Library 11.5. - Crystal Reports ActiveX Designer Runtime Library 11.5 I want to implement a protection mechanism that will check the values of the options that I set. I have tried adding validation code to each class it returns. I was trying to implement a validation method in a class that receives parameters. I have an idea to create a class in which all the necessary methods and methods for setting parameters will be. But the problem is that my class has more code than needed.
