The acronym 'RTGS' stands for Real Time Gross Settlement, which can be explained as a system that continuously settles funds in real time. RTGS is used when it is not important to consider only sales and sales, as well as prices and purchases. RTGS only uses sell and buy orders. Also, there is no way to track invoices in RTGS. For example, a customer can buy and sell multiple items, and RTGS only counts the sale and purchase that was made within the last 24 hours. Other details, such as the total amount of the sale, are not included. How RTGS works
