From November to January, we have to use lipliner and lipstick at minimum. But, the winters in Canada can get much colder, freezing the air and causing lips to become dry and cracked. This means that lipliner can be a necessity, and you have to learn how to apply it. Also, you have to know how to apply lipstick to get a more vibrant, kissable, make you look more beautiful. And, you have to know how to use a lipliner to correct the shapes of your lips, lipstick to balance your makeup, and lipstick to make a lovely, beautiful statement that will be permanent. Illustrated Lip Makeover contains step by step instructions and visual descriptions that show you how to: - Learn how to read the shape of your lips - Learn how to apply lipliner to gently correct your lips - Learn how to correct the shape of your lips with a lipliner - Learn how to apply lipstick to kissable lips - Learn how to use lipstick for the right statement - Learn how to use a lipliner to draw the perfect lines If you are looking for a great solution that can improve your appearance during winter, then Illustrated Lip Makeover is an option. I have been using this app for a few weeks now and I finally had the desire to start writing a review of this product. I think it is safe to say that I can confidently say that this product is an excellent addition to your collection of iOS apps. Let's take a look at why I think this is an awesome product. Pros: 1) User interface The interface is simple, clear and it is even realistic looking. It is very well organized and the user can easily find the information he or she needs in a split second without navigating through lots of confusing menus. 2) Functionalities This app is not just about reading and learning. It has quite a few functionalities that make it more worthwhile than just reading some articles. The most important one is the ability to smooth the lips using a lipliner in just two or three steps. It is then the application of lipstick that corrects the lips with just as many steps. I will be showing you how to apply each on a few images in a little later. 3) Book This particular app is a digital book. You can show it to friends, post it on social media or carry it around as a memory. It is extremely portable. Cons: 1) It is

Position the tool at the bottom of your lip line. 3. Apply the desired amount of lipliner and blend it with the tip of your finger. How to keep your lip line precise To keep your lip line precise, apply the lipliner at the very bottom of the line. Pay special attention when you start applying the lipliner. You can correct your lip shape by applying excessive amounts of lipliner, but this may turn out to be disastrous. Especially if you have You don't know what lip shape you have You have a broken lip line You are not a good lip shaper because you apply too much lipliner How to correct an irregular lip shape Apply too much lipliner. If your lips shape is irregular, you can use lipliner to remove the excess to reveal the natural line. Applying too much lipliner will make your lips shape appear flat and even. If the lipliner is too Wrong lip shape Narrow Wide You can also apply lipliner on top of the existing lipliner to correct your lip shape. Paint your lips with lipliner and apply lipstick. Paint lipliner on lips. Red colour shows the area of your lip line, not its shape. It's good to apply lipliner a few days before lipstick application so you can ensure that your lips shape is the ideal one for the lipstick to set on. Apply lipliner and lipstick at the same time. Restore your lip line If your lip line is not properly corrected, choose the lip
