What's New in the?

Get today's top content. DockZero integrates with your favorite news feeds, Internet radio, and web-based games, movies, music, and weather. Docks are interactive, linking you instantly to the latest information in real time.

DockZero collects and organizes everything from the hundreds of web sites you visit to the media on your computer, providing instant access to information on computers, games, movies, science, and more. You can now get the latest news and keep up with the thousands of items on your DockZero from the comfort of your desktop.

Features: New DockZero services and websites are constantly added and made available. The DockZero client contains a growing database of additional services, sites, and news feeds to be made available to you. These services and sites are also updated frequently. We encourage you to check for new content daily. * Social Bookmarking Links to the largest most popular bookmarking sites. Our web browser will automatically expand the page to full screen when the DockZero client is launched. * Instant News Feeds The newest news items, announcements, and important event alerts from your favorite websites, and more, sent to your DockZero. * Schedule Sites Schedule

your favorite sites to be automatically docked to your DockZero desktop. You can also select individual sites to be docked to your DockZero, similar to the menu bar of your computer.

- * Custom Filtering Combine the functionality of multiple popular news feeds into one simple client. DockZero provides a main screen showing links to all of your favorite news feeds. Each item in a feed contains a link to a news site. Clicking the link will launch the site to you where you can read the latest news or click the next item link to read the next link in the feed. We also let you customize your feed settings to provide you with the most relevant news feeds.
- * RSS Feeds Browse the most popular feeds from the RSS feeds service. You can configure your feed to look for RSS feeds on certain sites.
- * Music Library Browse your favorite music from your hard drive and Internet file servers. Every song has a link back to the music site where you can buy or stream your favorite music.
- * Classic Media Player Full screen media player with the option to play any media on your computer. Play CD's, DVD's, and MP3's.
- * Movie Gallery Browse the best looking movie clips, trailers, or TV shows available on the Internet, or your hard drive.
- * General News A full screen news screen.
- * Weather A full screen weather screen.
- * Image Gallery A large, high resolution image

gallery containing a listing of every picture available on the web. Click a picture for more information about the picture, like how you can view
