SUPER FLEX Collection Description: SUPER FLEX is a hot-plug USB sound card/footswitch for your PC. It can be used as a sound card for MP3 players, iPods, PC, and home entertainment systems, or as a footswitch for your TV remote. And, if you have any devices that do not need a computer, or if your PC is too old or not equipped with a built-in sound card, SUPER FLEX is also an ideal solution to add or replace your sound card. You'll never have to disconnect the PC soundcard or worry about the cables again. Just plug and play with USB and AC plug, in any order. No software is needed, or any hardware modification to your computer. SUPER FLEX is also a voice control platform that runs on WINDOWS. You can tell your SUPER FLEX to play and pause the music. It can even mute the speakers. SUPER FLEX features 4 virtual, multiple channels with arbitrary cross-fading between channels. Each of the 4 channels is capable of carrying 3 different signal: 1. 1st channel - PLAY 2. 2nd channel - MUTE 3. 3rd channel - Pause 4. 4th channel - RECORD As a USB sound card, SUPER FLEX is plug and play on any Windows-based PC and comes with a universal driver that supports Windows 2000, Windows XP, Windows 2003, Vista, and Windows 7. It also runs on PPC & Power Mac. You can plug and unplug it at will, and you can even remove it from your PC without any problem. SUPER FLEX's built-in 2 x 4.1 WDM (Windows Driver Model) driver allows it to communicate directly with Windows driver. SUPER FLEX can also be used as a standalone sound card to connect to any Windows-based 1d6a3396d6

System Requirements For MP3 Voice Recorder:

You will need a desktop or laptop running Windows 10 with DirectX 11 graphics card and 4GB RAM or greater. We recommend either the MSI GeForce GTX 970 graphics card or AMD Radeon R9 290 graphics card. The current Minimum System Requirements is for Windows 10, however we will update the Minimum System Requirements section in the future as we add support for additional operating systems and hardware. Minimum System Requirements for Windows 8.1: You will need a desktop or laptop running Windows 8.1 with DirectX 11 graphics card and 4GB RAM or greater. We recommend either the MSI
