Q: Meaning of "jeune fille" Is "jeune fille" a colloquial word that denotes only "young girl"? For example, when you say "une jeune fille à qui il faut avoir la parole" you mean "a young girl that one needs to talk to" or is it more general than that? A: If you're talking about girls aged between 10 and 20, it's a pretty good match (although it's not always used to refer to young children, it can). If the context doesn't indicate age, the word is most commonly used for girls between 15 and 20 years old or 20 and 25 years old. Note that the word can also be used for young people aged 15 and 25 years old. Il me faut avoir une jeune fille, alors? Meaning in my family (UK English): I want to have a young girl, then? Note that in the equivalent French sentence, the word is much more precise. Je veux avoir une jeune fille, alors. Meaning in my family (informal British English) : I want to have a young girl, then. Note that in French, such ages will have very close to 16 years old. See this link, and the following information. To be sure that you're being used in a precise sense, I suggest you find more information by just looking at your dictionary. It contains lots of examples. A: It’s a common colloquial expression to use to refer to young girls that are not children (between the ages of 10 and 16). It comes from “jouer aux parents”, a common situation for children of teenagers. When used as in the subject of the sentence, it has a connotation close to “mistress”. Je préfère aller chez Daphna, ajouter, changer de chanson elle me fait plaisir, et elle joue aux parents. (I prefer going to Daphna to add, change the song and she pleases me, and she is playing with my parents.) A: It is mainly used to specify young adult females. It can also be used for young women (over 18 and under 25), as long as

Numerous studies have examined the relationship between nutrition and chronic diseases, including cancer. Although the effects of nutrition on cadmium (Cd) toxicity and metabolism in the liver have been widely reported, the relationship between nutrition and Cd toxicity and inflammation remains to be elucidated. The goal of this study was to clarify the impact of nutrition on Cd-induced hepatotoxicity and inflammation, particularly obesity. To this end, we examined the effect of a 60% reduction in the
