We ask you to help in the treatment and rehabilitation of a disabled child from childhood. The girl was born at term, she could not hold her head, she could not eat herself. She didnâ€™t crawl, she didnâ€™t sit down, she didnâ€™t walk, she didnâ€™t speak. The lag in development is enormous. Systematic rehabilitation is required from different doctors (epileptologist, orthopedist, neurologist, defectologist, speech therapist, exercise therapy, etc.). In addition, funds are needed for comprehensive rehabilitation, which are not cheap.
