Download

No luck on pw international I hope prophet can check it out by this weekend lol Have you tried the fix SEmoder posted for Prophet Bot Unleashed 2.2? Tried it. It works. Thanks. Good. Just don't do it: â™; Try downloading and installing an older version - that might solve the problem. Thanks, I tried it. Yes, it works. â™; Try installing a "clean" client - that is, uninstall the old client and install the new one. Thanks, that's what I did. The problem still exists. â™; Check for patches for your client in the "updates" in the game client. Thanks, that's what I did.
