will be able to use all your existing applications. But with Windows 8, you can use a multi-touch screen, or use a mouse and touch. Microsoft

Windows 7. My laptop has a black screen when trying to load a 32-bit program such as Mathcad. How can I fix this?

A: In my experience, the only thing that is guaranteed to work from a manufacturer's perspective on computers that are less than a year old is Windows 7. Older than that and you're basically on your own. Level: Colour: Length:
