===== This game is rather easy to play if you have a basic understanding of the principles behind bubble popping. You just need to pop a single bubble in the smallest amount of time. So get ready to have some fun and see how high your bubble popping game can get. The goal of this game is to pop as many bubbles as possible within the time limit. Remember that you can only pop the bubbles at the top of the screen and they will all pop together. So watch out, there are a lot of bubbles in this game! Liquid Saver Controls:

===== Tap the screen to pop bubbles. Think you can get more than the game allows? Nudge them into the circular target. Don't let the timer run out! Thank you for playing, and have fun. Liquid Saver Version 1.1 ===== - Fixed bug where slow motion on Nexus7 would make the screen go blank - Fixed bug where some bubbles would not pop at all - Fixed bug where some bubbles would sometimes pop too many times - Fixed bug where the game would sometimes get stuck on a level - The game is now designed to use all of the screen real-estate available - The game is now much more enjoyable - Small bug fixes If you love this game, please rate it or leave a review.
