

Click. Add new programs, then
the CD or floppy disk.

Licensing. The Data
Interoperability extension is a
licensed ArcGIS Desktop
extension and must be
licensed.... This allows the
developer to use the features

and extensions included with ArcGIS Desktop on their own servers. With the Data Interoperability extension, a developer can use all the features of ArcGIS in their own back-end applications. This allows the developer to use the features and extensions included with ArcGIS Desktop on their own servers.
