The results of the HyperMotion Technology include AI-controlled teammates making more effective decisions. The new movements available to every player, combined with the density of the gameplay, allow the player to be in many more locations, giving FIFA 2K players the feeling of being at the heart of the action. The new player movements give players more freedom of movement, offering the player a new dimension of gameplay. The AI also makes smarter decisions on where to attack or defend, based on the players' past behaviours in the game. Physically-based simulations AI-controlled teammates FIFA 2K players can now experience the full movement of their teammates, giving them the sense of being at the heart of the action. What's more, the AI makes smarter decisions on where to attack or defend, based on the players' past behaviours in the game. Player development Dynamic friendlies FIFA 2K players can now experience the full movement of their friends in new dynamic friendly matches. Players will be able to improve their skills and progress into ranked online play through new features, including: Matchmaking based on skill level and temperament; Improved card transfer procedures. The updated on-pitch physics technology also makes it easier to carry out sudden reactions. Improved formations Take control of the most important and most common formations, such as 2-3-1-2 or 4-4-2. Get to grips with new formations, which include: 4-2-2-1-1. 4-3-3. Tactical play Get to grips with new tactical actions, including: Set pieces - get advice on when and how to use them. Players can set the number of defensive line-wide blocks. Players can also call in and request a ball to pass to in the middle of a play. Co-op and social integration One-to-one training and co-op gameplay also get a facelift. With FIFA 2K players now able to train and play in the same virtual stadium, they can improve their technical skills by competing against an authentic CPU opponent and develop their ability to play alongside a friend. New clubs and franchise modes New clubs and franchises, as well as improvements to the existing game modes, will give players new ways to test
