## **What's new in Fifa 22:**

- **Xbox One Live Play Anywhere: All Xbox One Live Play Anywhere games purchased on the Xbox One console will be playable on the same console and PC as well as on the Xbox Live and Windows 10 version on your Xbox One console. The FIFA 22 final edition will be playable in console on the Xbox One and PC. Great Resort with ability to get to New York City in about 1 hr. Staff very helpful and friendly great breakfast buffet. Also great bar and little center for events. Great place to relax and unwind - no stress with families staying here. Staff very helpful, and the best in the area. Our kids loved the bouncy house when the weather was warm. Loved this family vacation property. We booked the penthouse and it was as great as we had hoped. The view from the double heights of glass windows overlooking the ocean was amazing. The property was impeccably maintained and was clean and bright. Some linens and bath rugs are slightly outdated but this did not diminish our trip. Honestly, we loved this place so much I would plan to come back!**  
**Technology solutions Putting technology in the hands of people We develop and implement easy-to-use technologies, that enable Governments, Development Partners and Donors to give targeted support to local communities to enhance their development. Our focus is on developing technology-driven solutions that can improve the lives of the most vulnerable by empowering people and processes. Why do we do this? We believe that technology drives change but changes require leadership, commitment and investment. Not everyone can code or be an expert. We develop strategies that enable everyday people to use technology to change their lives. We at BridgelO partner with local organisations that are serious about their specific problem and committed to a local solution. Working together we create innovative technologies that can be used by individuals and organisations to transform their communities. At BridgelO we develop technologies to improve people's lives. Making digital technology accessible, fun and effective is our mission. We work directly with local organisations and our target market is the system/organisational users of these technologies. We develop innovative technologies that transform their world. We partner with organisations with complementary expertise in product development, market analysis and strategy.
