hospitals, museums, apartments and others in 3d.Q: Can I get all connected users in Messages? By "connections", I mean "messages from a server". I want to get all the messages sent by currently connected users. Right now I'm using something like this to see the names of users I'm friends with:

from:sip:username@some-server ...but there must be a better way to do it, since I can see multiple users connected at once. For example, I have two Skype accounts ("old" and "new" Skype account), and I just added "old" account to "new" account. I want to be able to see all the messages from "old" account in my "new" account. A:
