Fifa 22 Features Key:

- Introducing the frenetic "HyperMotion Technology" Movement engine
- Evolving the TEAM functionality in Ultimate Team and giving it a dramatic overhaul
- FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.
- FUT revamps the TEAM functionality in FIFA Ultimate Team. You now can build a team from scratch, or evolve existing teams to have new skills, new parts, and new chemistry to suit your footballing style better.
- For the first time, you can earn FIFA Points for in-game activity and social media engagement, whether you buy individual products or complete card packs.
- Branching story-based career mode for both players and managers is enhanced to add greater depth and a greater range of progression and unlockables.
- Upgrades and injuries now occur naturally as you play the game with your friends and peers, creating a more shared experience as you develop a football club.
