professional in the field of education, because
I am not a teacher. I am merely a humble
person who appreciates this work. I do not
claim to be a "practical" person, but I do claim
to be a "practicing" one. It is a skill that I have

the United States and the Caribbean.. A wide
variety of people apply their various talents to
the task of educating others. Ed â€” There is a
class of teacher who iÂ«de the task of
educating others with a passion that
challenges the lives of their students as much
as any other task. These people become

students of their own teaching, devoting their lives to the future successes of their students. They become fanatical teachers who devote much time and energy to mentoring the students through their teaching. One can only hope that the future generations of teachers will be of this caliber.
