AUTOption Graphic Free [March-2022]

The AUTOption Graphic menu application is a highly flexible multimedia component that allows you to create your own professional CD menus for your CD/DVD's. Included with the program, are 15 menu styles, which can be edited to fit the look and feel you want for your personal menus. The program also allows you to place your own images and photographs as the background for your CD/DVD. AUTOption Graphic is perfect for creating post-label-release CD/DVD promos and website plugins. The options available are endless as you can create menus that allow the user to get a preview of the content of your CD/DVD, get a brief message from you, get more information and so much more. You can even create custom sounds for your buttons. Do you know how you can get a FREE Autorun/Autoplay CD/DVD Menu Design Software Tool? We bet you don't. Well you should because you can grab yourself this powerful, FREE software. And it's a CD/DVD tool that allows you to create menus that will not only autorun and autoplay but will get your own CD's or DVD's noticed! Think about this... Imagine a CD/DVD that autoruns and autostarts, not one CD/DVD but 20CD/DVD's in one menu! This application allows you to create autorun/autoplay CD/DVD's with up to 20 autorun/autoplay CD/DVD's on the same menu. Say the menu is 10 seconds long, and you create 20 CD's that are 10 seconds long and 20 CD's that are 20 seconds long, and all of the autostarts play in sequence... this app will do it. Imagine a CD/DVD that autoruns and autostarts, not one CD/DVD but 20CD/DVD's in one menu! This application allows you to create autorun/autoplay CD/DVD's with up to 20 autorun/autoplay CD/DVD's on the same menu. Say the menu is 10 seconds long, and you create 20 CD's

that are 10 seconds long and 20 CD's that are 20 seconds long, and all of the autostarts play in sequence... this app will do it. Think about this... Imagine a CD/DVD that autoruns and autostarts, not one CD/DVD but 20CD/DVD's in one menu! This application allows you to create autorun/aut b7e8fdf5c8

AUTOption Graphic

* Create Your Own Menu * Interactive Buttons * Interactive Sounds * Automatic Formattable Text * Resizable Menu * Unlimited Number of Menus * Ability to Have Custom Sounds & Buttons (You can also modify sounds using a Batch Backup XP Easy Backup Software is a free utility which allows you to backup all your personal files and settings by utilizing a Windows NT/2000/XP batch script.
