Roblox is an online game platform and game creation system developed by Roblox Corporation that allows users to program games and play games created by other users. Created by David Baszucki and Erik Cassel in 2004 and released in 2006, the platform hosts user-created games of multiple genres coded in the programming language Lua. For most of Roblox's history, it was relatively small, both as a platform and a company. Roblox began to grow rapidly in the second half of the 2010s, and this growth has been accelerated by the COVID-19 pandemic. Roblox is free to play, with in-game purchases available through a virtual currency called Robux. As of August 2020, Roblox had more than 164 million monthly active users, including more than half of all American children under the age of 16. Although Roblox has received generally positive reviews from critics, it has faced criticism for its moderation, microtransactions, and exploitative practices directed toward children. Best Way to Play Roblox Some tips on how to get the best out of Roblox. Roblox saves game saves on the hard drive. When you get tired of a game you have played, you can delete that save file and continue from where you stopped in the game without losing your current progress. If you want to play Roblox for a long time you might want to store your game saves on a memory card, on another computer or even in a cloud service that will allow you to play almost anywhere in the world. In general it is preferable to use one game account across all Roblox games. Visit the in-game store and look for games that you like. Download them and you will be able to play the games offline so you will not need to be connected to Roblox at all times. With some games you can share your saved progress with friends through email. If you play a game in co-op, you can play the same game together with friends without getting into the in-game chat and being able to hear and see their voice and words. You can play single player games and find them in the main menu at the top, starting with 'My Games' followed by 'My Saved Games'. Use the in-game store to buy games and store them on your hard drive. Find Roblox and friends to play Use the search and filters in Roblox. You can easily find the games you want to play, based on themes (fantasy, adventure, horror, sports, etc) or you can find and play games based on free things. Search for "tag" and you will find games that have the tag "free". This works the other way round too! Games will
