In this episode we discover what The World Builder mode is and how to add it to your games. The World Builders is a feature of Roblox games which allows players to create a fully-featured 3D environment. It was first introduced to Roblox users on March 22, 2018. Here's how the World Builder differs from the normal game mode of the games we all play every day. Players can now create elements like landscapes, buildings, trees, and more. Landscapes can be interacted with using the mouse, and it's possible to
